## **Responding to Covid-19**

At Cregagh we wish to create an environment that is both welcoming and safe. While we would actively encourage all members to come back to worship, believing it safe to do so with the measures we have taken, we also wish to highlight that no one should come to services if they have symptoms.

As we continue to move forward towards something more like normal it is imperative that we do so by insuring that all actions are in line with current guidelines and restrictions. With no changes to PCI guidelines regarding 2m social distance the same arrangements for services that are currently in place will continue throughout this month, continuing to provide a service at 10am and 12noon, accommodating around 60 people on each occasion. Doors will be opened at 9:30am and 11:30am so that folk can be guided and seated. The wearing of face coverings, while still not mandatory, has now been formally advised and strongly encouraged by PCI. The recent announcement of local restrictions has not affected arrangements regarding church services and meetings.

Members are still being asked to register for the services due to 'contact tracing', by contacting Michael Graham (mobile: 07548635075 or email: [michaelgraham112@gmail.com](mailto:michaelgraham112@gmail.com)) and also advise him if you can't attend a service for which you have already registered.

The services themselves will continue to be slightly shorter than normal and present arrangements regarding offering will remain in place for the month of September. There will be no offering plate passed around during services but there are three stations where you can drop your offering off as you leave the building. While still respecting concerns surrounding congregational singing we still wish to continue moving forward towards something more like normal. Therefore we will continue incorporating live singing to the congregation and, now with the added addition of face coverings to alleviate concerns, members are gently encouraged, to softly sing along, while seated, to the two praise items played as part of the services.

It is encouraging that KidZone continues to go well, Karen and Jim are happy to carry on covering this month. Unfortunately the restrictions are still extremely tight regarding crèche so it will not be available for the time being. However babies are very welcome at our services!

The issue of offering lifts to church continues to be a difficult one but the official position in terms of the guidelines is that folk should still not offer nor provide lifts to anyone outside of their bubble. Unfortunately pastoral visitation is still limited to emergencies and bereavements.
