## COVID UPDATE

At Cregagh we wish to create an environment that is both welcoming and safe. While we would actively encourage all members to come back to worship, believing it safe to do so with the measures we have taken, we also wish to highlight that no one should come to services if they have symptoms.

As we continue to move forward towards something more like normal it is imperative that we do so by insuring that all actions are in line with current guidelines and restrictions. With no changes to PCI guidelines regarding 2m social distance the same arrangements for services that are currently in place will continue throughout the coming weeks continuing to provide a service at 10am and 12noon, accommodating around 60 people on each occasion. Doors will be opened at 9:30am and 11:30am so that folk can be guided and seated. The wearing of face coverings, is now mandatory when entering and exiting the building and formally advised and strongly encouraged, by PCI, that they be worn during the service.

Members are still being asked to register, due to 'contact tracing', by contacting Michael on email or phone, indicating which Sunday(s), how many are 'in their bubble' and attending with them, as well as which time slot(s). As before those who have registered will be asked to inform Michael Graham and if for whatever reason someone cannot attend so that the register can be as accurate as possible.

The services themselves will continue to be slightly shorter than normal and present arrangements regarding offering will remain in place. There will be no offering plate passed around during services but there are three stations where you can drop your offering off as you leave the building. We will continue to gradually incorporate shared singing, including inviting the congregation to stand.

Even though KidZone and crèche will be unavailable children and babies are very welcome at our services!

The issue of offering lifts to church continues to be a difficult one but the official position in terms of the guidelines is that folk should still not offer nor provide lifts to anyone outside of their bubble. Unfortunately pastoral visitation is still limited to emergencies and bereavements.

It would be anticipated that all practices would be reviewed in the coming weeks.
