

What's the Buzz?

For the next few weeks we are going to see what Busy Bees KidZone have been, in particular how they got on over Christmas and what they are doing now in home schooling.

ESME MCKENZIE

I was very excited at Christmas when Granny came to stay. We had take-away and ice-cream on Christmas eve night and had to go to bed early in our new pyjamas. I got lots of nice presents, a flickr, a big dolls house and a laptop to help me with my school work. I also got pretty clothes. We went to Nana and Pappo's for Christmas dinner. It was really yummy, I tried everything and had extras.

I don't really like home schooling because we have to do a lot, a lot, a lot of work but I do like being able to stay in my pyjamas. Every Friday morning my class gets together with our teacher on zoom. I would like to go back to school soon.

I have been practicing riding my bike in the garden and have enjoyed going on walks. When we walked up to Lisnabreeny Rath I was the first to the top! I love having movies nights with mini chicken kiev's and it has been fun to bake cakes and make pancakes with lots of Nutella.

ALFIE MCKENZIE

This was the best Christmas ever! I got a laptop so I can watch Netflix but mummy keeps telling me it's actually for my school work. I got a pogo stick and merchandise from my favourite YouTuber. We went to Nana and Papo's for dinner and played board games together which was lots of fun.

Home schooling is really boring. I would rather do anything else! Sometimes I offer to tidy my room to get out of doing home schooling but then I forget and end up doing something else.

I would like to go back to school to see my friends and teacher and also to play football. The only good thing about not having to go to school is not having to get up early each morning.

I like watching videos on YouTube and playing games on the computer, sometimes with mummy and daddy. I like it when we go for walks especially if there is a river to jump into or big sticks and cool rocks to bring home. When it snowed I made the world's biggest snowball. I miss going to the ice hockey and hope we can go again soon. It would also be really cool to see my uncle Ryan who lives in Scotland.
